Hemisphere Gold Inc. (HPGI)

Current: \$1.00

Market Alert - Strong Buy

Gold investors find safe haven as the US Dollar continues to drop throughout 2007.

Market Status:

Since 2006 market analysts predicted gold to hit \$800 per ounce within two years. Gold has hit \$812 an ounce just one year later due to depleted gold supplies and a falling US Dollar.

In an effort to find more gold, recent findings of large Gold deposits in Suriname has turned this small country into a modern day gold rush.

Hemisphere Finds Gold!

Hemisphere Gold.s Properties are sitting right in the middle of the largest gold mines in the region and advanced exploration has already found gold deposits as high as 3.55 ounces/ton. This region has already become know as the Gold Belt.

6 Reasons To Own HPGI

- 1: Gold is on a Bull Run, climbing over \$200 an ounce in just 9 months.
- 2: Gold demand is at record highs and is expected to continue increasing.
- 3: Hemisphere has the cutting edge technology and financial team to take this all the way.
- 4: Hemispheres property sits right in the middle of the Gold Belt where over 50 million ounces of gold have already been extracted.
- 5: Recent findings have pushed share prices up over 120% in the last 30 days.
- 6: Gold is a traditional safe haven for investors in times of trouble as it keeps its value greater than currency.

Hemisphere is launching a full scale marketing campaign with coverage already found on sites like Stockguru.com. With huge results already confirmed HPGI is moving into the final stages of exploration. This leaves nothing left but mining a large deposits in a primed market. HPGI should be on the top of your list for your next investment consideration.

Yet here they were lending their hands as labourers and carers to meet and assist the people of Ugunja.

A rough night's sleep in the back of the truck where I found myself cuddling up to another chilly man, to try and conserve our body heat.

That makes more sense.

I tell you, that didge breaks down barriers and gets people interested in Australian history in no time at all.

has full ownership of and takes sole responsibility for all content.

Parents can turn on a call-screening feature that prevents the phone from receiving calls other than from numbers stored on the phone.

"It will be invaluable as we design future models," said John Mendel, senior vice-president of automotive operations for American Honda.

A relatively gentle ride the following day finished up at Lake Langano, one of the many scenic Rift Valley lakes.

Arial Software customers include XM Satellite Radio, The Children's Place, Dirt Devil.

I was surrounded by the hustle and bustle of daily life in a major city.

People rushed across busy streets to banks and shops, while street vendors did their best to make a sale from among the stream of pedestrians.

After a second matatu ride we each climbed aboard a boda boda - a bicycle taxi powered by muscle-bound young men who generally work hard for not a lot of pay. Consistent with the extreme friendliness I had experienced of the Ethiopian people so far, several people offered me assistance and before long that warm shower was mine.

He seemed over the moon to have made an Australian friend and insisted on meeting me the following morning to guide me out of town.

The soil was packed so thick on my tyres that they could not even rotate through the frame of the bike.

Seventy-five kilometres later my belly was rumbling and the sun dropping.

With so few resources and no government support the energy and compassion of the people at TEMAK was truly inspirational.

To start with a long downhill run was an added bonus.

It is not alone, though, the plate.

For this reason it is vital that the education children do receive contributes directly to their ability to earn a wage, and so practical skills are an imperative.

The Interstate Traveler Corporation in Detroit has developed designs for an elevated light rail-type mass transit system that runs on hydrogen and solar power, with solar panels to line the track.

A pig's belly or back, flavored with salt, caraway, pepper, mustard and other herbs, smoked over fir brush.

Solar panels would cover the tracks and water would be piped through for hydrogen power.

For example: Suppose a fund held shares in a tobacco company, or in a company being sued for sex or race discrimination.

How to Block a Sender in Yahoo!

"It will be invaluable as we design future models," said John Mendel, senior vice-president of automotive operations for American Honda.

Once again, an amazing group of investigative journalists, researchers, insiders, dissidents, and academics peels back consensus reality.

I just returned the smiles of my companions, most of whom were unable to speak the only language I knew.

Ford scored poorly even though it is the first Detroit carmaker to field a hybrid.

Wilson you're a champ, and just another shining example of the wonderfully hospitable Kenyan folk.

And so began a short lesson on didgeridoo playing and Aboriginal culture.

Follow the adventures of the Aussies Across Africa.

Also politicians would have an even stronger incentive than they have now to use US fiscal and monetary policy to create a perpetual bull market and keep the economy and markets artificially booming.

The Laetilia moth's caterpillar eats cochineal scales and stores the pigment to fend off ants.

Seventy-five kilometres later my belly was rumbling and the sun dropping.

I am for that and this bill is a first step in that direction.

Honda says the FCX was the first fuel-cell vehicle to be listed in the EPA's fuel economy guide.

And of course there are wonderful volunteers to help keep the place running.

I take Aparna Rao's word for it.

I pushed my mountain bike up a row of the tall stalks until I was sure I was hidden from passer bys.

Next time you are in the supermarket spend a few extra bucks to support a brand that is part of a fair trade scheme.

Wherify, a small company in Redwood City, Calif.

"It allows it to be self-sustaining," Justin Sutton, founder and chairman of the company, told the Detroit News.

The FCX drives just like any other vehicle on the road - without the emissions.

Even the small bees on pollen collecting missions zipped energetically between bright blooms of yellow and white flowers.

com Web log and podcast for six months, BusinessWeek Online reported.

Ahh, Tanzania - a zoological treasure chest.

The former slogan might be more honest.

It is not alone, though, the plate.

There are no expensive mechanized harvesters in these parts though, and so the farmers cut the mature cane with large machete-like knives called pangas.

The soil was packed so thick on my tyres that they could not even rotate through the frame of the bike.

All wonderful people who made me feel incredibly welcome, and who were very patient with my frequent blank looks in response to their questions.

Wood and metal workshops gave students the opportunity to learn very practical skills that would help them secure an income for their families in the future.

A pepper's heat is an effect of its capsaicin, an essentially safe but unbearably alkaloid that makes nerves, well, fire like crazy.

Later that afternoon the sky grew very dark and I tasted my first African raindrops.

New Toyota president Katsuaki Watanabe boosted popular opinion when he asked his engineers to develop a car that could travel across the US on one tank of fuel.

It is putting another on sale later this year instead of waiting until next.

The flea then becomes engorged and swells to the size of a green pea, causing much pain for the victim and sometimes crippling them if their feet are heavily infested.

I was warming to Kenya very quickly.

I went to sleep excited at the prospect of catching up with another of my Aussie mates on the other side of the world, in ever-amazing Africa.

Welcome to the beatings of the second Drum, the e-newsletter for Aussies Across Africa.

New Toyota president Katsuaki Watanabe boosted popular opinion when he asked his

engineers to develop a car that could travel across the US on one tank of fuel.

Currently Social Security taxes pay for retiree benefits, as well as benefits for widows, orphans and the disabled.

Not long ago, a pumpkin, some cinnamon, ginger, nutmeg, salt, cream, flour and eggs joined to form a sweet delicious pie.

The survey was released at a meeting of the Washington Automotive Press Association by Elizabeth Lowery, GM vice-president for environment and energy.

Justin Sutton, founder and chairman of the company, said, "If we build a mile of this rail, it can support three vehicles and not have to buy energy.

Quite a simple process but hard work for those involved.

Consistent with the extreme friendliness I had experienced of the Ethiopian people so far, several people offered me assistance and before long that warm shower was mine.

This patch of ancient growth is one of the remaining vestiges of an equatorial forest that stretched across central and west Africa in prehistoric times.

A relatively gentle ride the following day finished up at Lake Langano, one of the many scenic Rift Valley lakes.

But this is essentially a regular cell phone, without parent control features.

For her thesis, Aparna Rao has taken apart an old mechanical Olivetti typewriter and reassembled it with some additional digital magic.

"The software also integrates with your mail server system to assist in the care of bounce-back email addresses.

I just returned the smiles of my companions, most of whom were unable to speak the only language I knew.

It is a remarkable thing to see such an integrated approach to education and self-sufficiency.

Arial Software customers include XM Satellite Radio, The Children's Place, Dirt Devil.

Not long ago, a pumpkin, some cinnamon, ginger, nutmeg, salt, cream, flour and eggs joined to form a sweet delicious pie.

It was an extremely short-lived effort.

The Spallinos say they will use the FCX every day.

"We're pleased to be taking this historic step forward in the further advancement of our fuel-cell programme.

Congressman Sam Johnson said, "It's just common sense that the funds in the Social Security surplus are spent on Social Security.

Said Watanabe: "To realise this dream, I intend to vigorously promote research and development activities.

With call screening turned on, friends or unwanted strangers can't call in.

"Clearly we've got our work cut out for us in communicating GM's accomplishments and our commitment to developing advanced technologies.

Suppose the fund owned stock in a company that sells products made by sweatshops in China.

"It will be invaluable as we design future models," said John Mendel, senior vice-president of automotive operations for American Honda.

That makes more sense.

An independent Board, similar to the one which manages the retirement plan for Federal workers, will manage and administer GROW Accounts.

"Clearly we've got our work cut out for us in communicating GM's accomplishments and our commitment to developing advanced technologies.

Mr Frank O'Shea runs the neighbouring Edmund Rice Simon Secondary School where several hundred students are enrolled.

One of the healthcare issues many of these volunteers were struggling to overcome was the prevalence of a parasitic flea that is commonly found in dusty soil in various African countries.

A pig's belly or back, flavored with salt, caraway, pepper, mustard and other herbs, smoked over fir brush.

So when I placed it against my lips and began playing the PVC didgeridoo there was laughter and amazement at the strange sounds it produced.

The mountain provided a spectacular backdrop as the cloud cover dispersed, while I waved to friendly Maasai herdsman tending their goats in road-side paddocks. See more articles and news on HondaTrack news on hydrogen at GroceryWarning. "It will be invaluable as we design future models," said John Mendel, senior vice-president of automotive operations for American Honda. Even the small bees on pollen collecting missions zipped energetically between bright blooms of yellow and white flowers. com, Terra Lycos, and more. Stations beside the tracks could produce the hydrogen power. And of course there are wonderful volunteers to help keep the place running. General Motors and DaimlerChrysler have fuel-cell demonstrators, but only in company test fleets. These young people worked in various fields back home in Australia, including hotel management, heavy machinery operation and IT services. Honda says the FCX was the first fuel-cell vehicle to be listed in the EPA's fuel economy guide.
